

WILLOW SCULPTURE 2011

Tutor: ANDY SOUTHWELL

Wednesday June 8th

10 am - 4 pm

£62.00*

Andy Southwell is a professional basketmaker and experienced workshop tutor. Previously an Art School graduate and teacher he now works making traditional baskets using willow from the Somerset Levels and different coloured home-grown varieties. He also likes to experiment and invent using willow and other related materials.

Course description:

Learn about Willow, its cultivation and treatment and the tools and techniques of working with this wonderful flexible and versatile material. Individual tuition will be offered as you create your own individual three-dimensional sculpture for your home or garden.

Tools are provided for use during the course.

*The cost of materials is **not** included, but there will be a variety of Somerset willows of different natural colours from which you can select.

Contact details of suppliers will be available

Items to bring

- notebook and pencil
- references of chosen subject if required
- an apron

Refreshments are provided, please bring a picnic lunch

Art for everyone
